2011 ROSADO

Tasting Notes: This wine is a blend of three Italian varietals: 60% Barbera, 20% Dolcetto, and 20% Primitivo. The wine is a beautiful color of bright garnet gems. The wine is dry with crisp acidity supported by bright red fruit flavors such as pomegranate, cherry, strawberry and fresh plum.

Pair with grilled meats, shell fish and soft cheeses.

Release Date: May 2012

Cases Produced: 85 Cases

Vintage: 2011 was a long growing season which started out with warm temperatures early in the spring, followed by cooler weather that persisted for most of the summer. After veraison, a brief period of warm summer weather helped establish color and ripeness. Despite a cooler, wetter early September, warmer weather returned by late September to ripen the fruit nicely. The cooler year lead to crisp acidity with balanced fruit flavors.
